(Shumen University, Shumen, Bulgaria)

Seminarium odbędzie się w piątek, **5 października 2018, o godz. 10:00**
w sali 514, główny budynek UP, ul. Podchorążych 2, 30-084 Kraków.

Zapraszamy!

Streszczenie:

The talk aims to show the deep roots of astronomical knowledge throughout the life of man from ancient times until today. Show connections between astronomy music, poetry, painting, architecture and more.

Examples are given for the influence of the starry night sky and the astronomical events on different aspects of the human culture: religion, architecture, poetry, music and visual art.
